MAY 5 - 10, 2007

*To Assure the Safest Possible Milk
Supply for All the People"*

CONFERENCE CHAIR

Dear NCIMS Registrants:

Welcome to Salt Lake City, Utah for the 31st NCIMS! Our objective of assuring "The safest possible milk supply for all the people" will be reinforced by the actions of everyone present at this year's Conference.

The Conference considers itself and is, by agreement, a cooperative program. As such, the Conference blends the interest, knowledge, skills and experience of dairy farmers, milk haulers, samplers, dairy field representatives, dairy laboratory personnel, laboratory evaluation officers, test kit manufacturers, inspectors, rating officers, milk specialists, dairy plant operators, equipment manufacturers, distributors, retailers, scientists, researchers, educators and consumers. Each of us has our own personal goals when we come to the Conference and we somehow manage to work through it all by focusing on achieving the goal of the Conference. That is cooperation.

Marlena G. Bordson
2007 Conference Chair

Today, we embark on a Conference that will help define our future progress toward meeting our collective goal. The Program Committee has developed an educational symposium which will address relevant issues including: What's Happening with HACCP; the latest on Food Defense - From Farm to Fork; a report from the Intentional Certification Pilot Program and an Aseptic Committee Update.

I encourage your thoughtful and active participation in this 31st session of NCIMS! The Conference is just the beginning of the work to continue. Once the Conference has concluded, my term as Chair will end. It has been my pleasure and honor to work with all of you. Thank you for all the support you have extended to me and to the Conference. I hope you will meet the challenges given to you by the new leadership with enthusiasm and a willingness to be part of solutions for the future.

Mrs. Bordson is proud of her rural heritage growing up and sharing chores on a family farm in central Illinois. She received her B.S. in Education from Illinois State University and has been employed by the Illinois Department of Public Health, Division of Food, Drugs and Dairies, for 32 years in a variety of positions in food and dairy sanitation. She currently serves as Division Chief, having served as Dairy Program Manager for 16 years. Earlier, she served as Regional Supervisor for the Division in the Champaign Regional Office. During that time, she was certified by the FDA as a Retail Food Evaluation Officer.

Mrs. Bordson has served NCIMS as Illinois state delegate, Chair of the Liaison Committee, Chair of the Hauling Practices Committee, member and Vice Chair of Council II, member of the Program Committee, and member of the Executive Board for the past 12 years. She has served as Conference Chair since being elected in 2003. Mrs. Bordson currently serves on the Illinois Department of Professional Regulation Board of Environmental Health Practitioners, the Illinois Department of Agriculture Johnes Disease Advisory Committee and is an advisory member of the Illinois Milk Producers Association Board and the Associated Illinois Milk, Food and Environmental Sanitarians Board.

NCIMS COUNCILS AND COMMITTEES

To facilitate the basic function of the Conference, Councils have been appointed to consider the improvements in and modification of the NCIMS agreements. Each Council consists of 20 members plus a Chair and Vice Chair. The individuals selected represent State Health and Agriculture Departments, Milk Processors and Milk Producers.

Additionally, there are Committees which study and evaluate "Proposals" submitted to the Conference for consideration. Rosters of Councils and Committees are printed in this program.

Registered participants may attend and take part in the discussion of any Council. It will be necessary to wear your badge to gain admission to these sessions.

The "Proposals" provided to the three Councils for discussion and recommendation have been mailed to all pre-registrants. A limited number of copies are available at the Conference registration desk for those registering at the door.
