

THIRTY-THIRD
NATIONAL CONFERENCE ON INTERSTATE
MILK SHIPMENTS

SHERATON BALTIMORE CITY CENTER

BALTIMORE, MARYLAND

APRIL 28 – MAY 4, 2011

*"To Assure the Safest Possible Milk
Supply for All the People"*

CONFERENCE CHAIR

Dear NCIMS Registrants:

Welcome to Baltimore, Maryland and the Sheraton Baltimore City Center for the 33rd National Conference on Interstate Milk Shipments. Once again we come together to renew old acquaintances, make new ones, learn from one another and discuss how to foster our collective goal to “**Assure the Safest Possible Milk Supply for all the People.**”

This goal is just as relevant today as it was at the turn of the century. While the hazards of consuming unpasteurized milk are well known growing numbers of consumers are intent on doing just that. This movement to allow consumer choice is so strong that raw milk initiatives are commonplace in state legislatures today. New technologies and innovation promise new dairy products and production methods while challenging our regulations to keep up. Somewhere in-between the old and the new we must decide where the dividing line lies. That is the purpose for which the NCIMS was crafted.

John A. Beers
2011 Conference Chair

This time we moved the new attendee orientation session to just prior to the symposium on Saturday, April 30th to present the information sooner during the conference. We have arranged for both the Aseptic Pilot Program Implementation Committee (APPIC) and the International Certification Program Committee (ICPC) to provide updates on their progress. In addition, the topics of *New Technology and Sustainable Practices* and *FDA's Drug Risk Assessment* will be presented.

As we progress through the week I encourage you to attend committee meetings of interest, track the progress of proposals through our Council sessions, ask questions, become educated on the issues, meet new people, participate in the process and volunteer to serve on NCIMS committees that may interest you. Your participation is the key to our success in assuring the safest possible milk supply for all the people.

I sincerely hope you enjoy the conference.

Mr. Beers graduated in 1975 with a B.S. degree in Animal Science from Virginia Polytechnic Institute and State University and began work with the Virginia Department of Agriculture and Consumer Services in April 1977 as a dairy inspector. He held the positions of Dairy Services Regional Manager and Assistant Chief in the Office of Veterinary Services prior to being promoted to manage the Dairy Services Program in 1988. During his career, Mr. Beers has been an active participant in the Dairy Division of the National Association of State Departments of Agriculture (DDNASDA) and the National Conference on Interstate Milk Shipment (NCIMS). He served as president of the Dairy Division of NASDA between 1999 and 2000 and was elected to Chair the Executive Board of NCIMS at the close of the 2007 conference in Salt Lake City, Utah. In addition to having served on the NCIMS Executive Board since 2003, Mr. Beers has held the following positions with NCIMS in the past: Chair of Council II, Chair of the HACCP Implementation Committee, Chair of the Constitution and Bylaws Committee and Chair of the Document Review Committee. Back home, Mr. Beers represents the Commissioner of Agriculture and Consumer Services on the Virginia Radiation Advisory Board and is a member of the agencies Emergency Operations Team and the Virginia Dairy Industry Association. During his spare time he enjoys his two flat coated retrievers (Willie and Vegas), cooking, fishing, home improvements and gardening.

NCIMS COUNCILS AND COMMITTEES

To facilitate the basic function of the Conference, Councils have been appointed to consider the improvements in and modification of the NCIMS documents (Proposals). Each Council consists of 20 members plus a Chair and Vice Chair. The individuals selected represent State Health and Agriculture Departments, Milk Processors and Milk Producers.

Additionally, there are Committees which study and evaluate "Proposals" submitted to the Conference for consideration. Rosters of Councils and Committees are printed in this program.

Registered participants may attend and take part in the discussion of any Council. It will be necessary to wear your badge to gain admission to these sessions.

The "Proposals" provided to the three Councils for discussion, and recommendations have been mailed to all pre-registrants. A limited number of copies are available at the Conference registration desk for those registering at the door.
